

ART Week!

This week is Art week! There are a range of different activities for you to choose from on the following slide. Make sure to try a variety of different activities and don't worry if it takes you longer than one session. Below is a suggested timetable for your Art week.

Suggested Timetable

9:00	9:30	10	10:30	11	11:20	12	1:00	2:30
PE/ Physical activity	RWI phonics	Snack and a story	Topic grid activity	Collective worship*	Topic grid activity	Lunch	Topic grid activity	Reading

*Fischy Music hold a virtual collective worship on a Monday via their [youtube](https://www.youtube.com/user/Fischymusic) channel - <https://www.youtube.com/user/Fischymusic>
They have also added free access to their songs on their website (which the children love!) www.fischytones.com

Colour mixing

The primary colours are Red, Yellow and Blue. You can mix these to make different colours.

Red + Yellow = Orange

Red + Blue = Purple

Yellow + Blue = Green

Have a go at making your own colour wheel. You could use a paper plate and divide it into 6 equal sections.

Adding white or black to a colour

Choose a primary or secondary colour. What happens if you add white paint to it?

See how many different tones of your colour you can make. Cut a strip of paper and fold it into 6 sections. Start with your chosen colour and gradually add white to it. Each time you paint a new section add a bit more white.

You can repeat this by adding black to a colour and see what happens.

Colour Collage

Can you make your own colour collage flower or rainbow? Use coloured paper or cut up painted pieces or even use scraps of materials to stick onto your artwork. Be as creative as you can!

Famous Artists

Research a famous artist and write 5 facts about them. Look at some examples of their work and say what you like or dislike about it. You could choose one of these artists. An example of their work is on the first slide.

- Georges Seurat
- Henri Rousseau
- Vincent Van Gogh
- Wassily Kandinsky
- Leonid Afremov

Vincent Van Gogh

Watch the video link below and look at Van Gogh's painting 'The olive trees' look at the brushstrokes and how he swirls the paint to make marks. Try to recreate your own version of this painting.

<https://www.youtube.com/watch?v=9lGEvm1Lve0>

Sketching a face

Have a go at sketching a face. You can draw from a photo, real life or you can copy the video link below. Remember to press gently to draw the basic shapes and then carefully make marks to show direction and textures. Finally shade the darker shadows and rub out lighter areas to make it look more realistic.

How to draw a toucan

Look at Henri Rousseau's toucan painting. Have a go at sketching a toucan using the video link below. Use coloured pencils, oil pastels or paint to make your toucan colourful. You can create your own colourful bird pictures.

<https://www.youtube.com/watch?v=BzB0ujGCD0E>

Leonid Afremov

Leonid Afremov was an artist who loved painting animals and scenes. He used oil paint and a palette knife to create texture on his canvases. Have a look at some of his animal artwork or city scenes and then create your own piece of art work. Remember to use lots of colour.

Printing

Have a look around your house or classroom for things that you could use to print with. These could be lego blocks, bubble wrap, leaves, wheels on toy cars, string, forks, potatoes/fruit cut in half, lids off containers etc. Mix up some paint and dip your objects into it to create your own art work. See what patterns you can make. (Wear an apron it could get messy!)

Paper plate art work

Have a look at some of the images below to make your own paper plate art work. You can collage your plate. To make curls, cut strips of paper and wrap them around a pencil.

Soap Sculpture

Follow this link to watch a video on making sculptures out of dry materials.

<https://www.bbc.co.uk/bitesize/articles/zbppqfr>

What is a sculpture? Is it 2D or 3D? Today you are going to make sculpture out of soap.

You will need a bar of soap, a pencil, something to carve (teaspoon, potato peeler, scissors etc.) Follow the step by step guide on how to create your sculpture

<https://www.tate.org.uk/kids/make/sculpture/soap-carving>

Drawing large

Start off by watching the following link to the idea of 'drawing large' - once you've watched, you can have a try at creating your own drawing. Try to draw standing up, remember to continue looking back to your chosen object and then don't forget to add detail.

<https://vimeo.com/423967574>

Piet Mondrian

Piet Mondrian is an artist that likes to use the primary colours. He became interested in abstract art; he uses colours, lines and shapes to express himself. Mondrian used the primary colour with black lines and white spaces.

Make a Mondrian inspired collage with paper or draw/paint your very own piece on paper.

Drawing small

Start off by watching the following link on 'drawing small'. You will need to find various small objects from around your house to draw. This will continue to support your drawing skills and how to add intricate detail to drawings.

<https://vimeo.com/413069049>

How did this task differ to 'drawing large'?
What different techniques did you use?

Nonna Maria Drawing Challenge

Today you have the chance to reflect back on Lockdown 2020 and acts of kindness. Watch the audio book of 'Maria and the Grannies of the World - A story of kindness during 2020 Coronavirus Crisis'. Now you've heard the story, can you create your own illustration (drawing) of one of your grandparents, or someone you love, reflecting their kindness?
